Customer Reviews

This is the perfect set if you love cowboys and the lengths they go to to capture and keep the hearts of the women they love. Six exceptional stories by six amazing authors (some were new to me and I look forward to reading more from them). One of my favorite authors is D'Ann Lindun and her contribution to this set is *Cowboy Wrecked*. This book does NOT disappoint. Luke is a bull rider convalescing at his friend Cody's new Rodeo school. His accident took place 6 months ago yet his leg was taking it's sweet time to heal properly. Another side effect of his Accident, which only his family knows, is that he is now unable to father children. Rayanne, a school teacher, lives in Cody's town and wants nothing more than to get married and have a passel of children. When Cody invites Rayanne to his house, but is then called away by his neighbor, Luke and Rayanne meet and have a bit of an attraction. Will the broken Bull Rider and the Mommy want to be teacher be able to figure out a future together?

I loved these six stories and had trouble actually stopping and getting some sleep as I finished each one. All of them were involved and kept my interest all the way through, there was never a slow moment in any of the stories. There wasn't even one book that was 'worse' than the others, they were all really great. I recommend these as a darned good read.

I loved *Cowboy Six Pack*! D'Ann Lindun is one of my favorite authors. I have loved every book of hers that I have read. All of the stories in this set were good and I discovered some authors that were new to me.

Realistic and intriguing. Each book in the series takes you to the next with wonder as to what is coming next. Life happens, it how you choose to handle it that counts. Great reading.

This group of stories were exceptional. I enjoy a good story with a few surprises where it's the cowboys who are afraid of love when it's nipping at their boots.

What a great books set!! All set in different scenarios so made for a good reading but still all cowboy!! What more could you want. Great writing gals!!

Each story was good . Each author was readable. Many times one of the group is not that great not so with these.

Great storylines and characters. Strong willed men and even stronger women. Some looking for love, some not but finding it anyway. Great locals and backup characters. Of course a happily ever after. A must read for western romance readers.
