## Customer Reviews

This book is for anyone who wishes to connect with Source. If you pay attention, you can actually feel changes happening in your body as you read. My suggestion would be to read it in stages before sleep, so work can be done without the hindrance of your consciousness. My only grievance is that there is no general indication of a timeline of changes manifesting. Well worth the read. There

is a reason why you are reading the review, it is time.

Kindle Cloud Reader's printscreen saved in the gallery folder of Galaxy Tab.

I appreciated the opportunity of this incredible assistance by simply reading. Reading the text in the differently formatted chunks in rectangular spirals utilized an eye movement modality for energetic shifting that I found interesting. I highly recommend to anyone wanting to increase their spiritual development.

This book reads as an explanation of a very high energy spiritual awakening process, however it is initiating that process while you read. My own experience was an accelerated cleansing. I found it necessary to direct the energies to wind down the process before I set foot into my everyday life each day, as some emotions were too distracting as they were leaving me. Then I would read a little more the next day. As I finished the book, I had a much more expansive idea of what is really going on here in this universe.

I think that this book is absolutely wonderful!! A real EYE OPENER! I will give it FIVE STARS!Jeanine

Wonderful read. Very stimulating and over my head a lot, but I feel like a difference has been made in my life and that as this process goes along I am experiencing a lot of heavy energy being cleared out which can be difficult at times, but worth it!

This is a challenging book, one like I have never read before. It is fascinating and so far as I can tell, it does make neuro-anatomical sense. I am slowly completing the text and plan to re-read it and reference it in the future.

For anyone on the path of spiritual awakening.... A MUST!!Absolutely life transforming.
