Test Of Time: A Novel Approach To The SAT And ACT (Harvest Original)

Synopsis

Test of Time is a captivating time-travel adventure that incorporates vocabulary words from the SAT and ACT, boldfacing them throughout the novel and providing definitions in a handy back-of-the-book glossary. The result is a fun and effective study method for the thousands of diligent students who take these tests each year. For Orlando Garcia Ortiz and his friends at prestigious Hadleyburg University, it's finals week. That same week, but many, many years before, a famously eccentric writer in Hartford, Connecticut, is putting the finishing touches on a manuscript about a rebellious boy named Huck. Suddenly, a bizarre thing happens: The manuscript disappears and in its place appears a strange contraption—a college student's laptop that has traveled through time. It's a mysterious set of circumstances, but our intrepid heroes at Hadleyburg, joined by Mark Twain, endeavor to retrieve their valued possessions and return to their proper places in time.

Book Information

Series: Harvest Original

Paperback: 448 pages

Publisher: Mariner Books; 1 edition (May 17, 2004)

Language: English

ISBN-10: 0156011379

ISBN-13: 978-0156011372

Customer Reviews

Grade 8 Up—Flashing back and forth between the present and late-19th-century Connecticut, *Test of Time* stars Mark Twain, whose *Huckleberry Finn* manuscript mysteriously vanishes into thin air from his desk, only to be replaced with the laptop computer belonging to modern-day university student Orlando Ortiz. Such an intriguing plot twist could potentially evolve into a quirky, suspenseful time-travel mystery in which Orlando and Twain devise a plan to retrieve their respective belongings. But the book also hopes to serve as a learning tool for the verbal

portions of standardized tests such as the SAT and ACT. Unfortunately, readers get bogged down not only by a flat narrative, but also by oddly placed, boldface vocabulary words embedded into the text. These test words, which repeatedly number well over a dozen per page, render the novel virtually unreadable and negate the attempt to promote vocabulary improvement through pleasure reading. Often three to five bold words are lumped into a single sentence, which could hamper readers' ability to deduce definitions from their context. And even though there is some interestingly believable teen speak scattered throughout, the book will still take almost as much work to get through as the usual SAT or ACT study manuals.

PRAISE FOR TOOTH AND NAIL

“A mystery story, at once whimsical and elucidating, filled with hundreds of SAT examiner’s favorite test words.” —LOS ANGELES TIMES

“An SAT prep tool that practically spoon-feeds a plenitude of . . . beneficial vocabulary to a plethora of adroit high school students.” —HOUSTON CHRONICLE

“A superlative SAT strategy. A unique ... guide toward an SAT score of which you can be proud.” —COLLEGE BOUND

Though a late learner in my forties, I bought this book a few years ago from this website. I've loved this unputdownable book for the plot, humour, wit and much more. This book was so brilliantly written that I bought other books by the same author, Charles Harrington Elster. The beginning of this book was hilarious with character Mark Twain's antics - really funny! At first reading, I laughed much at the descriptions of Twain's comical dancing steps and language, all the anachronistic types that he had learned from the future - all those ilks that shell-shocked Twain's strait-laced contemporaries.

I am an SAT tutor and have found this book and others like it valuable to my students. Charles Harrington Elster is a master of his craft; unlike some other books of this type, his vocabulary and grammar are impeccable.* As a result, this book is very well written. What a great idea for a book-- Mark Twain in 21st century college America. Test of Time is informative and entertaining. Its ending is a bit sudden and far-fetched, though.* Believe it or not, there are SAT vocab-building books that have poor definitions.

moderately helpful

My 12-year-old son read this book along with another vocabulary-building novel prior to taking the ACT for a regional talent search. He actually liked the story and was able to name and discuss new words from the text. I think this would be good for any test prep that requires vocabulary including the GRE. This is not a waste of money.

meh

I always recommend this to High School kids to read and prepare for the SAT and ACT, and college prep.

This is a good book that will build your SAT vocabulary. The book is a fun read so you will not get bored as you are learning new words. Great for high schoolers.(and parents too)

Great idea, but not worth the filth. In the name of learning vocabulary, this book is full of curse words and sexual content like petting. Anyone could write a garbage story with a lot of SAT vocabulary words. This author was at least smart enough to figure out that scam. Stick to the classics!
