This book has a lot to offer. It explains the history of these scriptures in easy to read and understand language. I especially like the references to other scriptures. The only downside I see to this book is that it does not list the books at the tops of the pages, so when you go to find a different book, you have to refer to the page number, rather than a quick flip. Also, the chapter numbers could have been larger. But it is a real page turner and a refreshing read. A very good book.

This is an amazing book. Its very big, but being very big, and a paperback, the front cover and back cover, along with the binding, are very thin. I've been constantly reading this and pages in the very back on The Shepherd of Hermas section are already coming out because of the weakness of the binding, and I do take good care of the book. So if you buy this book it is possible for the pages to fall out. Hopefully the author could publish this in a hardcover.

This bible contains the books that were taken out long ago. Much knowledge and wisdom is gained through the other books, which were written for this final generation, they have the stolen keys to the kingdom written in them. I would search out all extra biblical texts, because they will help you understand the Bible, as well as how to follow Jesus. Shalom.

Could have better page guides and didn't include the the Didache or Teaching of the Twelve Apostles. But the only volume i found that claimed to contain the Ethopic text in English

I have this book and this purchase is for a friend. We like to study what has been removed from bible canon, But is still considered relevant to other religious denominations. Everyone should read them because they are in more detail. Which gives insight into what was not considered for canonization of the bible.

This book has 4 other books that are not in the kjv apocrypha. Book of hermas, letter of jeremiah, psalm 151, enoch, jubilees, 1 clements. This book was not an 8x10 but a 8x5.

I love the contents and it is what I expected.... but the print is HORRIBLE... it is so light you can barely read it. I need light reading glasses but with this book I needed a magnifying glass as the ink is so light grey and so small on top of it that it is VERY difficult to read. It is a shame because it took away my eagerness to read it daily. Now I must rest my eyes and it is not pleasurable. The index and next page are in black ink then they change in the text to the light grey.... What a shame. Wish I could return it but as I was gone when it arrived I am now too late...but will try

This book offers information that I always wanted t read. Opens up other insights into the Bible.
