Fallen Heir (Royals) (Volume 4)

Synopsis

These Royals will ruin you. Easton Royal has it all: looks, money, intelligence. His goal in life is to have as much fun as possible. He never thinks about the consequences because he doesn't have to. Until Hartley Wright appears, shaking up his easy life. She's the one girl who's said no, despite being attracted to him. Easton can't figure her out and that makes her all the more irresistible. Hartley doesn't want him. She says he needs to grow up. She might be right. Rivals. Rules. Regrets. For the first time in Easton's life, wearing a Royal crown isn't enough. He's about to learn that the higher you start, the harder you fall. Warning: This book has a cliffhanger. The story will be resolved in Cracked Kingdom, due out January 2018.

Erin Watt is the brainchild of two bestselling authors linked together through their love of great books and an addiction to writing. They share one creative imagination. Their greatest love (after their families and pets, of course)? Coming up with fun--and sometimes crazy--ideas. Their greatest fear? Breaking up. Fallen Heir ended on such an intense note I have no idea how to even start this.

I'm reeling over those final few pages and am finding myself unable to put my thoughts into coherent thoughts. It just... Wow! So good. I can not wait for the next book in Easton's story, Cracked Kingdom. Easton was quite the character in the first three books of the series. I knew his crazy, over-the-top persona was a mask for pain he didn't want anyone else to suspect. Erin Watt did an excellent job of conveying just how unsure of himself Easton was throughout the book. There were times when his self-doubt manifested in such a powerful way it made me hurt for him. He seemed so sure of himself when we saw him through other people's other eyes, it was almost shocking to see how differently he felt about himself. Hartley was a perfect counterpoint to Easton. While she had more than her share of horrible things to deal with I never had any doubt that she knew exactly who she was and what she needed out of life. She was, at the very heart of her, a very heartbroken girl. I would have loved to have had her POV in this book, as I think it would have given some excellent insight as to her exact motivations, and I hope to see some of her voice in the next book. I loved Fallen Heir, especially getting a new perspective on all the characters we had already got to know. It was very well paced and kept me flipping through pages in hopes of finding out a little more about Hartley and Easton. They were both so interesting and dynamic, between unveiling their layers and seeing their back and forth I was wholly engrossed in their story. Erin Watt delivered again in Fallen Heir. Going back into the world of the Royals was amazing; I had missed those boys and Ella. This series is where Erin Watt shines, I had been let-down with their last release, When It's Real, so it was nice to see that magic was back in Fallen Heir. There is just something uniquely interesting about this world they have created and the way they write about the Royals that keeps me engrossed in these books.

Fallen Heir is told solely in Easton's POV, and let me tell you, it's a journey! Maybe even a journey of self discovery? Without really knowing it, Easton is crying out for help. Every drink, every bad grade, every callous comment and stupid act is a cry for help. And in true Easton style there's a whole lot of that and then some. Fallen Heir is the 4th book in The Royals series and having read the first 3, this shouldn't be read as a standalone. Not only are we getting 2 Easton books but to truly appreciate Fallen Heir, I'd highly recommend reading at least Paper Princess, Broken Prince and Twisted Palace. Not having read 3.5, Tarnished Crown I can't comment on that one but to get more background you should definitely read it as well! Fallen Heir picks up at the start of Easton's senior year. Reed is making a name for himself in college leaving Ella as the Head Royal at Astor Park and Easton the enforcer. The first chapter sets up the premise of how Fallen Heir is going to go and in true Erin Watt style kicks off with drama. Enter Hartley. She's the unknown. In a sea of familiar faces there's one Easton doesn't recognise and he's instantly intrigued. Hartley catches Easton in a compromising position and from that moment she's already made her mind up about the type of person Easton is. One she wants nothing to do with. I love Erin Watt's style of writing, it reminds me of Movies like Cruel Intentions, 10 Things I Hate About You and Mean Girls which are some of my favourites! It's like Gossip Girl for the page! Drama, Intrigue, speculation and soooo many surprises! There's no guessing what's coming next and no limit to the drama that follows The Royals everywhere! Fallen Heir is the first book in this genre that I've read solely in a Male POV and I have to say, I really liked it! I'm glad that Fallen Heir was written solely in Easton's POV, I think if it had been written in a dual POV with Hartley as well it would've taken away from the lessons that Easton needed to learn and to experience him grow and learn as he navigated the situations he was getting himself into. While Fallen Heir is a great addition to the Royals series, I'm still firmly in the #TeamReed camp! And there definitely was not enough Reed for my liking. I definitely missed the scenes about Reed in Ella's POV. No one describes a hot boy taking off his shirt like Erin does.

No one delivers drama the way that Erin Watt does, and this time it's been delivered in the form of one of my favorite characters - Easton Royal. For me, Easton was always the comedic relief. I had instantly taken to the way he and Ella formed a familial bond and I couldn't wait to delve deeper into what made this playboy tick. Being in his head made me feel like I was on a tilt-a-whirl, never knowing what side of him we were going to see. One minute he's the cocky, self-assured teenager that makes you roll your eyes as he lashes out with his sharp tongue and quick quips. The next minute he's

the broken boy who carries the weight of his Mother's death on his shoulders and doesn't know his own place in this world. He's often wild, reckless, and immature, but he's also sweet, caring, and willing to do anything for those that he loves. If only that didn't usually get him into even more trouble. I honestly didn't hold much hope for Hartley going into this story. I adored Easton and didn't think he would find a girl that matched him well enough. And boy, was I wrong. Hartley reminded me a lot of Ella. She's a strong girl who does whatever it takes to get by. She matched Easton head on and didn't let him get away with half the crap he was used to. We got to see her strength, her vulnerability, and I can't wait to get to see inside her head. Overall, there were a few elements that I missed such as Callum's presence and Easton and Ella's easy-going nature and one element that I could have done without seeing again. But I guess we can't win them all, right? Fallen Heir was addicting and fast paced and ended on a note that had me wanting to throw my kindle. I know this book just came out, but I'm already counting down the days until the next one releases.
