Customer Reviews

Read it in 10 minutes. Quite simplistic. Think, Believe, Want. What it doesn't cover is how a person can begin to believe when they have so much evidence to the contrary. It just says 'Say 'I believe I will win the lottery' often'. That's too simplistic. Most people can't do that. There are better ways to help your beliefs shift : Better to read the lengthier book 'Money and the Law of Attraction' by Esther

Hicks for the real lowdown on it all.

was delivered quickly, thank you..

I learned a few things i didn't know. Using theLOA, it better to pick your own numbers, and set amountyou would like to win, play your numbers when it reach that amount.Playing a ticket whenever more random. Usint the LOA it's more believingi will win.

love the way that this lottery method is tied together with the Law of attraction.

Heard all of this before....easy to say...hard to follow thru for the average person. But I'll probably work at it.

Short to the point book ,inspired me .

I found this book to be very eye opening.I am bad to not take positive steps to achieve my goals. I feel goog now.I believe I can win now. very good book!

Awesome. Direct and to the point written very clearly. Simple easy steps to follow. I will ready every day till the drawing.
