Struggle For Democracy, 2012 Election Edition (11th Edition)

Synopsis

Question how American democracy is developing The Struggle for Democracy provides students with an understanding of the American political process and with the tools to critically evaluate that process. This text focuses on the role that democracy has played in the American story and asks students how democracy is—or isn't—revealed in our politics and government. It encourages students to examine how deeply connected politics and government are with historical, economic, and social influences. The Struggle for Democracy both strengthens a fundamental aspect of critical thinking and tells a unique story of our country's political development. This text features full integration with the New MyPoliSciLab. MyPoliSciLab includes a wide array of resources to encourage students to look at American politics like a political scientist and analyze current political issues. Political Explorer lets students play the role of a political scientist by investigating issues through interactive data. Core Concept videos discuss the big ideas in each chapter and apply them to key political issues. Simulations allow students to experience how political leaders make decisions. A better teaching and learning experience This program provides a better teaching and learning experience for you and your students. Here's how: Personalize Learning The New MyPoliSciLab delivers proven results in helping students succeed, provides engaging experiences that personalize learning, and comes from a trusted partner with educational expertise and a deep commitment to helping students and instructors achieve their goals. MyPoliSciLab is now compatible with BlackBoard! Engage Students The stunning visual design engages students in the text. Improve Critical Thinking Learning objectives in every chapter help students focus on important topics. Analyze Current Events Coverage of the 2012 elections keeps the study of politics relevant and shows how political scientists look at the development of the American political system. Support Instructors A full supplements package including the Class Preparation Tool in the New MyPoliSciLab is available. Note: MyPoliSciLab does not come automatically packaged with this text. To purchase MyPoliSciLab, please visit: www.mypoliscilab.com or you can purchase a ValuePack of the text + MyPoliSciLab (at no additional cost): ValuePack ISBN-10: 0205950094/ ValuePack ISBN-13: 9780205950096.

Customer Reviews

“The Struggle for Democracy is an excellent text for those who want to help their students become engaged citizens and to understand the fundamentals of our government. This text covers all the essentials of American government without overwhelming students with excessive detail and erroneous tangents.”
—Laura Schneider, Grand Valley State University

“The Struggle for Democracy is perfect for first-year Political Science students. It provides key historical background and introduces students to the key topics and issues surrounding American government in our society today.”
—Mary Anne Clarke, Rhode Island College

“The Struggle for Democracy endeavors to give students an explanation for why the American political system functions and governs the way in which it does—not just description.”
—Richard Unruh, Fresno Pacific University

Edward S. Greenberg is a Professor of Political Science and a Research Professor of Behavioral Science at the University of Colorado, Boulder. His research and teaching interests include American government and politics, domestic and global political economy, and democratic theory and practice, with a special emphasis on workplace issues. He has just completed a multi-year, longitudinal panel study, funded by the NIH, that examines the impact of corporate restructuring on employees.

Benjamin I. Page is the Gordon S. Fulcher Professor of Decision Making at Northwestern University in Evanston, Illinois. His interests include public opinion and policy making, the mass media, empirical democratic theory, political economy, policy formation, the presidency, and American foreign policy. He is currently engaged in a large collaborative project to study Economically Successful Americans and the Common Good.

Well, this was requested by the professor, so I bought it. Would I use any other products besides Pearson if there were more available, and better, yes. I do not really think the book is exceptional, neither is the online practice. Lots of little errors and somethings are not very clear. Questions of quizzes are not well formulated either. I think college professors end up choosing Pearson products because there are not many other options that meet price (reasonable enough for undergrads) and content. So, it is just okay.

Item arrived quickly and as described. Seller was extremely helpful when we had to return the item because the school ended up providing books for the class. Thank you so much!!

I enjoyed this textbook. It didn't feel overly dense and unapproachable the way some textbooks do. But it also didn't feel overly light and fluffy like some, if that makes sense. It struck a decent balance.

I rented the ebook for my US Federal Government class but turns out my school switched the class to an elective instead of a pre-requisite so it wasn't required for me to take it anymore. Ordered it a day before I dropped the class but when I go to "manage my contents and devices" the "return for refund" option does not show. Someone help :(

This was used as a textbook for school. I found it interesting. A lot of pictures. The flow was good. It was easy to read.

Came in perfect condition, and the sides were not damaged despite having been shipped. Got this book for a college level class and it was fantastic!

I thought it was going to be a paper back book but it came as pages, so I needed to buy a binder to stick it in. It's still exactly what I needed for my college course.

It was highlighted all the way from page 1 until the end. Pink, green and some yellow marks in almost each page of the textbook. Full of notes and writing. Not good for studying. It gives one a headache of trying to read the book with all those highlight marks.
