Collins Nicholson Waterways Guides - Four Counties & The Welsh Canals [New Edition]

Synopsis

Popular guide covering the canals and waterways in Wales and to the south of Liverpool. Colour Ordnance Survey's maps clearly show locks, towpaths and boating facilities. There are also comprehensive navigational notes as well as descriptions of the towns and villages, pubs and restaurants alongside the waterways.

Customer Reviews

"Taste in guide books can be a very personal thing, but few serious boaters will venture out without a Nicholson's Guide. There is a wealth of information that even the most experienced cannot hope to keep abreast of, and the guides are welcome valuable for cyclists and walkers too." The Inland Waterways Association. "If you're considering a staycation this year, this hand sized, ring-bound guide will help you make the most of your time in Wales" Welsh Country

Collins Maps allow you to explore the world through accurate and up-to-date mapping created by Collins UK, a leading information-led publisher of illustrated and narrative nonfiction.

Kindle edition is a waste of money if you want the OS maps in readable format. After the Kindle edition, I ordered the spiralbound and now have both electronic and hard copies, one more than I'd like. The actual book itself is superb.

Just what I was looking for. Great detail, extensive information.

The guide met all expectations, it is an essential source of information for narrowboaters.

JUST WHAT WE NEEDED..PERFECT !

Poor Maps. All info can basically be found in web page. I expected much more specially from an electronic version that gives you plenty of possibilities.

This guide answers all the questions you would ever have. We would not dream of going on a canal trip without it.

It will be a helpful aid on our narrowboat trip.

All books arrived on time. Have not had time to start reading yet. Hoping to make a trip in about a year.
