Commotion In The Ocean

Synopsis

This delightful collection of poems includes fun rhymes about the creatures who live in and around the ocean. Children will delight in the snappy poems and colorful illustrations about whales, walruses, penguins, polar bears, stingrays and sharks. Rounded corners and sturdy board pages add to this great title!

Age Range: 2 - 4 years

Grade Level: Preschool and up

Customer Reviews

PreSchool-Grade 2-A mediocre collection of rhymes featuring different ocean animals. "The crab likes walking sideways/And I think the reason why,/Is to make himself look sneaky/And pretend that he's a spy." Although the poems are short, the vocabulary will occasionally be difficult for beginning readers. The opening and closing poems state that the book explores animals that live "beneath the sea," and yet polar bears and penguins are included. The brightly colored cartoon art is playful, but uninspired. Stick with Douglas Florian's *In the Swim* (Harcourt, 1997) for more creative writing and clever watercolor illustrations. Robin L. Gibson, Muskingum County Library System, Zanesville, Copyright 1999 Reed Business Information, Inc. --This text refers to the Paperback edition.

A delightful collection of short poems about the creatures that live under the ocean or near it. -- Top of Texas Literature Review Center, November 1998 --This text refers to the Paperback edition.

I have to say that I am surprised that this is by the same author that wrote Giraffes can't Dance, which is a fantastic rhyming picture book. Commotion in the Ocean is a bit off beat in its reading-out-loud rhythm and seems to have not been edited well. My kids seems to like it well enough but I do not look forward to reading it.

The writing reads oddly aloud. My early reader likes me reading it to him but it takes a little extra effort by the reader. Some pages rhyme well and others are awkward so there's a bit of ad-libbing. Luckily, I don't mind that.

My son enjoyed Giles Andreae's books when he was little so we purchased for my 4 yo niece for Christmas - she loves them. Would purchase again.

This is a great book for kids. Lots of colorful pictures and great poems about the different ocean animals.

Such a wonderful and well illustrated book, my toddler loves to look at the pictures over and over again. I've read this book to her about 100 times. Love all of the Giles Andreae & David Wojtowyez series

Nice read, kept my son's and my students interest! This book was enjoyed by all! A good purchase in my opinion! graphics were awesome!!!!!!!!!!!!!!

This is a great book to read to little ones when introducing oceans and its wildlife. The artwork and content are fantastic and give a rich and colorful story of what is happening in the bottom of those salty waters.

My son's school made a month out of this book in the summer - all about the underwater world, with fun animals and easy to read. Even I did not get bored reading this.
