# The Gourmet Girls Go Camping Cookbook: Amazing Meals Straight From Your Campfire (Gourmet Girls On Fire Cookbook Series 1)

## Synopsis

The Gourmet Girls Go Camping Cookbook is a must-have for anyone who loves to camp in style and enjoys delicious food prepared in the great outdoors. On one camping trip, Gourmet Girls Gail Kearns, Lindsey Moran and Denise Woolery, aka The Gourmet Girls On Fire, decided there was a need for a camping cookbook that appealed to an audience who refused to eat canned beans and weenies just because they were camping, and wanted to share their love for fresh, lovingly cooked meals. They began carefully choosing their gear, and soon each recipe had been adapted and tested for cooking at a campsite, either on a camp stove or over an open fire. Lo and behold, The Gourmet Girls Go Camping Cookbook was born! The Gourmet Girls Go Camping Cookbook is unlike any other camping cookbook on the market today. Presented with 50s-inspired graphics, beautiful 4-color food photography, and humorous text, this book will take your camp cooking to the next level, and your meals will make you the envy of the entire campground. With chapters like 'To Gear or not to Gear' on page 17 as well as the 'Tips and Tricks' outlined on page 21, even the novice camper can now cook like a pro. Recipes range from Lovely Libations and Ample Appetizers to The Main Event and Divine Desserts. And that's not all! There are also Good Morning Eats, Leisurely Lunch, Vegetarian Vittles, and Savory Sides to inspire the cook within us all. Many recipes have ingredients that can be prepared at home and stored until ready to place in a cooler for transport to your campsite, and the book also includes Dutch oven recipes as well as a few recipes to make ahead for that first night of camping after a long drive. The Gourmet Girls Go Camping Cookbook is so full of fabulous recipes that you don't have to wait until your next camping trip to cook them. All of the recipes in this book can be made at home in your own kitchen or in your backyard on your barbeque.

“I had the good fortune of meeting and getting to know the Gourmet Girls on their numerous camping trips in Big Sur. I looked forward to each of their visits and watched in amazement as they transformed their assigned patch of dirt (admittedly, it was more than that, for we were surrounded by the incomparable sight of hundreds of ancient redwoods) into a cozy and comfortable home in the woods, complete with a stylish and functional camping kitchen, collapsible flower vases for a beautifully set table, and other camping inventions that I never knew existed. What a privilege it was to join them around the campfire tasting and testing many of the recipes in this cookbook. But it was more than the scrumptious, truly gourmet food (and cocktails!) that delighted me. The love, the laughter, and the camaraderie among this special group of women was as infectious and delicious as the meals they served. The Gourmet Girls Go Camping Cookbook will transform your camping experience, as it did mine, and delight you with the fun, humor, love, and of course the truly amazing recipes found within.”

## Customer Reviews

Gourmet Girls recipes are a great addition to camping. What a treat!

I am fessing up front I know all these gals and 2 of them for alotta years. Now the reason I am saying this, is I have been eating at Denise Woolery's table over 20+years and watched Lindsey grow up from age 7. You cannot eat anything Denise prepares without groans of happiness as her food hits the olde tastebuds. She is hands down my favorite chef; the layered nuances of her recipes, knowing what to add to take a dish from yummy-yummy to OHGD! fantastic is beyond me how she does it. She has down the years told me how to make so oh! many recipes, my morning eggies are better for it too. Lindsey has grown up to be a beautiful young woman with so Many Accomplishments, her simply marvelous whimsical illustrations and hip smart fun-loving writing ability. You just have to keep on reading to see what she says next. Top Marks honey! I had the honor to go camping w/these 3 gals, and to watch them set up (boy are they prepared!) is so easy,

as each takes a task to set up camp. Within a short time we had glowing coals, hot coffee and the first course was being prepared for the fire pit. I was able to rest in the knowledge of their camping expertise and cooking skills; the food was superior, the laughing and cool chill of pine scented air. The book is sturdy, can be flipped half size, is filled with all kind of tips and Denise thought to include all the Vegetarian dishes under Veggie! and there is loads of veggie dishes, that's handy. You will delight in this marvelous offering grab one and start cooking your favorites. It's truly a work of love...

I imagine the Kindle edition is great, but this book arrived in the mail and I was surprised by it's sturdy spiral construction. This book isn't going to fall apart like so many of my cookbooks do. Easy format and great recipes. I'm looking forward to giving them all a try. This cookbook would be a great gift for the men and women in your life who love to cook...indoors or outdoors. I'm sure I'll order another copy soon.

This book makes me want to go camping with these women! The recipes have clearly been tested, and they cover everything from Lovely Libations to Divine Deserts. I got this book as a Christmas gift and it's already full of post-its marking things I want to try. My camping days may be behind me, but I suspect that dishes like Bison Chili and Cast Iron Ratatouille will also be delicious at a backyard cookout. Yum!
