Book by Al Wilson

If you are a new coke collector, this is a great guide book to have. It has a lot of items listed and you are given a guide as to how much an item should cost. The price may be little outdated but for the new collector, it would be able to let you know of what items to look out for. You may later progress to an updated edition. Further reading could also be Petretti's Coca-Cola Guide Book which has an even more comprehensive list of items.
