Illustrated in full color. Lowly introduces more than 100 familiar and clearly labeled objects with his characteristic humor and charm.

Generations of children around the world have grown up spending hours poring over books by the late RICHARD SCARRY filled with all the colorful details of their daily lives. No other illustrator has shown such a lively interest in the words and concepts of early childhood. Scarry began his career at Golden Books in the 1940s, and he remains one of the world's best-loved children's authors EVER! He was posthumously awarded a Lifetime Achievement Award from the Society of Illustrators in 2012.

Trilby. Feather. Bow tie. Skinny jeans. Apple products. Yeah, I'm pretty sure Lowly Worm was the original hipster.

I remember this book from 32 years ago (when my son was little) and had to order it for my new grandchild. The book is just as I remembered and will be a welcome addition to our book collection. Arrived timely and great condition.

Tiny book but perfect for my 1 year old who loves books. I take this in my purse with me when we go out in case he gets fussy.

My 2 girls loved this little book when they were young....now ordered new copies for their children.....my grandchildren - who now love this little story as much as their mom's did

The little book of the Lowly Worm. If you fall in love with Richard Scarry's Busytown inhabitants, you want all the books.

My kid LOVES this book. Super small, great for the diaper bag. Worth every penny. Richard Scarry is classic.

Our 18 month old is obsessed, and walks around the house chanting "Lowly, Lowly" and dragging the book from room to room. It's great for reinforcing first words (tree, shoe, door) in a fun, colorful way and introducing new ones. We also have the cars and trucks board books, which we love even more.

Just the right size for toddler hands.
