An amazing photo book and great conversation piece.

Great collection of photos.

excellent

Thank you!

A Small book but the images are superbly well taken. A lot of thought process went into preparing this little gem. The lighting is amazing and with the element of water glistening from the statuesque torsos, the final product is truly exquisite. I highly recommend this book.

Many nice pics exhibiting relaxed body flexibility and body definition. Of the figure study books that I ordered, I found TIMELESS by David Vance to be the best for doing drawings of the huan figure.
