Guitar: The First 100 Chords For Guitar: How To Learn And Play Guitar Chords: The Complete Beginner Guitar Method

Synopsis

Master Essential Guitar Chords and Establish Good Habits for a Lifetime Discover how to play every essential chord on guitar Understand how chords work together Build chord progressions and master strumming Understand chord theory and construction Instantly apply and use chords to make songs

The First 100 Chords for Guitarists Are you struggling to learn guitar chords? Would you like an effective way to memorize, play and combine chords to make music on the guitar? Do you want to confidently strum rhythms the right way? Do you want to build perfect practice habits that will stay with you for a lifetime?

Â The First 100 Chords for Guitar will teach you to correctly fret, strum and combine the essential chords in music to become a better musician, quickly and easily.

Â Here's What You Get:

- Â A complete course, building from the first essential guitar chords to help you memorize, understand and apply chords musically. A proven practice routine that helps you build muscle memory, great technique and musical knowledge. Understanding of how to play chords the right way, and the theory of how they are constructed
- One instant trick to teach your fingers how to move - subconsciously
- Â Bonus One: Learn to link chords together in a truly unique, musical way. Linking chords means practice is always fun as you explore creative ideas.
- Bonus Two: A complete guide to essential strumming patterns on guitar.
- Â Are you Missing Part of the Puzzle? Most guitar beginners know a few chords but few actually understand that it is quick and easy to expand that vocabulary into hundreds of chords and colors. The First 100 Chords for Guitar is not simply a cold list of chords, it's a complete guitar method for beginners that teaches you how to practice for a lifetime of good guitar habits. From the most basic chords, right through to some rich and exciting advanced voicings, you will be guided in small friendly steps. Throughout, there is an emphasis on using the correct fingers, changing chords smoothly, building great technique and developing creativity.
- Test Yourself! Â At the end of each chapter, the newly introduced chords are combined into real-life chord progressions.
- Â How to Practice! Also included is a detailed "How to Practice" section along with dedicated chapters on Essential Strumming Patterns and some Chord Theory.
- Â Hear it! Learning chords from paper is one thing, but once you hear how to apply them, they become music. The First 100 Chords for Guitarists contains many supporting audio examples to help you get inside the music, and quickly apply every new chord in a musical situation.

Customer Reviews

I've just started this book and am enjoying it. It's easy to understand for a beginner, and has me practicing chords from the beginning. It's definitely a good purchase.

excellent very helpful would rec it to every guitarist who has put the guitar down and finally picks it up after a long separation or the new guitarist just starting out

Very well explained. I've been playing for 5 months and it is very clear for me as a beginner!

This is a fantastic book to introduce the new player to chords. In addition to a great list of chords with diagrams, the author teaches you how to read chord diagrams, how to practice, strumming techniques, and how chords are formed and why. I would highly recommend this book for anyone just starting out on their guitar learning journey.

This book is great for beginners and people who've been playing for a while. I give it a 5 star rating. I would definitely recommend this book.

Very cool book. I am looking forward to getting Joseph Alexander's other books when I am done with this.

Great Product

great book good info
