Customer Reviews

This issue has some emotional pay-off, particularly with Mikasa and Ymir, and some of the conspiracy mongering does seem to develop back in an interesting way. However, I am unsure of the analogical coherence of the series now. This series can go in a lot of ways.

Found it weird that Robin and the rest of the Teen Titans weren't in it, but great book overall.

Since I'm an Eremika shipper, this is my favorite volume since it has chapter 50. The action, drama and suspense of Mikasa's ribs getting fractured, Hans being killed, Eren learning a new power, and the titan who killed his mother reappearing all made this volume PERFECT! GREAT price! Bought brand new for only ten dollars total, including shipping! Best Christmas present!

works great

Emphasis in this volume was on action: Lot's of fighting and non-conventional tactics from the Survey Corp. We get a few more morsels of information on the bigger picture. The "Krista" and Ymir relationship develops further as Ymir plays a central role.

this deserves a 5 because there is not one moment where I even considered putting the book down man I love this series and it's spin-offs

Great, really had me going there, just great overall, bought a pack since 8 cause i had finished the anime and wanted more, this just has all elements that you would want from a story, sad, exciting, characters are well develop and you feel for them, and even more mystery and that adds more build up :D. Can't wait until ch 58 reaches this, in 14 :D!

Hands down one of the best volumes but I say that every time a new one comes out. It really is amazing. It has a lot of emotions and I knew there was going to be romance in this series. Sorry I like romance mixed in with my action/adventure. Anyways, great volume worth the price.
