Colorado's Hot Springs (The Pruett Series)

Synopsis

COLORADO'S HOT SPRINGS is an entertaining, comprehensive guide to the state's sweet soaking sites and their histories. The photographs capture each spring's unique character and beauty. Each chapter blends descriptions of the warm water wonders with stories about the unique characters, events, and ancient use by Native Americans. The springs are Colorado's warm water ocean and Debbie visited each one, twice. One visit was announced and the other was an unannounced, anonymous visit to truth-test information and chat anonymously with visitors about their observations. This all new, up-to-date guide profiles forty-four hot springs, providing descriptions, contact information, directions, maps, photographs, and historical notes.

COLORADO'S HOT SPRINGS is an entertaining, comprehensive guide to the state's sweet soaking sites and their histories.

Debbie Frazier is a fourth-generation Colorado native and was an investigative journalist for thirty-five years covering Colorado and the West. She received several nominations for the Pulitzer Prize for stories on the West and earned a master's in natural resources management and environmental policy. When her newspaper died, she became the communications manager for Colorado's forty four splendid State Parks. Later, she worked with the state's top wildlife researchers. Debbie's favorite place is anywhere outdoors. Visit her on Facebook at:

I love hot springs. I have attempted to visit as many as possible in Colorado. I have a guide that is about 15 years old and decided I needed to update. The information is set up in clear user friendly way. The descriptions are easy to read and accurate.

Good Overview of Colorado's many hot springs for the average soaker. Reviews were thorough and in my experience accurate. I would recommend this book for anyone interested in Hot Springs or to anyone considering a visit to Colorado.

Wonderful!!! My husband and I went on a hot spring tour for our 5 year anniversary and this book was the perfect guide!

I am thoroughly enjoying this book. I've already planned our first trip to hit several spots along the way. Plus we are staying overnight at one.

has some underground (not literally), primitive locations that you simply won't find in other books.
HOT SPRINGS KICK ASS!

Great book!

Great descriptions and good directions.

It was OK. I was hoping to learn about wild hot springs and this was more of a resort review.
