Passive Income: 5 Ways To Make Passive Income While You Sleep: Take A Step Closer To Financial Freedom (Financial Freedom, Internet Marketing, Business Online, Passive Income Book 1)

Synopsis

Passive Income – Take a Step Closer to Financial Freedom

Some might think that acquiring passive income is living the dream. In a way, it is. After all, who would not want to earn enough money without having to lift a finger? While generating passive income is not as easy as some might think, the good news is that you will find the five best ways to earn passive income in this book. The first thing that you will learn from this book is the truth about passive income. This will help you set the right expectations and explore the concept in a technical manner (in other words, how the IRS sees it). After that, you will learn about the five most common sources of non-active income, or income that does not require you to invest your time and effort to generate it. Each chapter describes the passive income strategy in a no-nonsense way to enable you to make sound decisions. It also reveals to you the most common practices of those who have successfully acquired passive income from each stream. Most importantly, the recommended steps to take on how to get started with each strategy are provided. This book is for anyone who is serious about attaining financial freedom. It is for those who are not afraid to diversify their funds and to make the most out of their active income. It is also for anyone who is curious about how to earn passive income and who does not want to be conned by “get rich quick” schemes. Below are some of the things you will learn from his book...

Some of the keypoints of this book are:

- The truth about passive income
- Portfolio income
- Net rental income
- Income with no material participation
- As well as... Self-charged interest
- Capital gain
- Venture capital
- Peer-to-peer lending
- Generating income from information products

The goal of this book is to provide you with all the basic information that you need to get you started on your path to financial freedom! Do you want to change your life for the best by becoming financially free? Do you want to be able to spend your days at home doing whatever you want? If so, download your copy today!

Customer Reviews

Earning in passive income is easy through this book. This elucidated the five most common sources of non-active income, or income that does not require time and effort to generate. Interesting and very sensible. It totally helps me set the right expectations and explore the concept in a technical manner. Good book to study for anyone who is curious about this subject.

To follow this book you can decide and make a perfect income portfolio. I found that the book is well written and easy to understand. I get the book to get some online passive income to satisfy my our of pocket expenses thanks.

As of 2016, passive income is the key to major online success. This book covers the important factors and facts surrounding passive income with a smooth manner. The conventional ways are covered, all the way to the modern ways of making money while you sleep, leaving it up to the reader to choose from.

The best book to learn about Passive Income it really contains great info that could help you and me to start earning while working full time. I highly recommending this book to all individuals that would like to earn extra income!

A good book and helpful in finding the most passive income techniques you can apply to your

business options. Though these tips and techniques still need dedication and more knowledge about the said channel of passive income.

Not a good book to read

Very sound advise. Writing e books on Raising Chickens-we have done-Mike Webb and I and a competitor wrote a bad review so the sales are not good-but he has experience and it does bring in money. This book is god and gives you plenty to think about. My parents had rental properties and the renters can cost you money by tearing up your place too.

This book provides an extremely general and cursory overview of some strategies for generating "passive" income including:- Buy a rental property and hire a management company to run it.- Become a venture capitalist by investing money in someone else's business.- Become a partner in a venture capital firm.- Provide risky unsecured loans to people while competing with others doing the same thing.- Develop and market some form of information product.- Invest in dividend producing stocks. This book states that "Anyone can become financially independent if he or she really wants it." and that "All you need now are the right knowledge, skills, and resources". Yes I guess that's true - anyone can do anything if they have the desire combined with the right knowledge, skills and resources. While some of the strategies outlined in this book may actually produce income if executed correctly, most require a large dedication of time and or money up front combined with specific specialized knowledge. Anyone with enough knowledge, skills and resources to make use of these strategies is unlikely to need the basic advice offered in this book.
