Wicked Dreams: Kingdome 19

Synopsis

A new project from Kingdome 19 after a very successful collaboration on "Universal" with Henning von Berg. Aesthetic photos of young men in classic poses take the viewer on a journey through time into another world. Hand finished photographs radiating power, vulnerability and intense melancholy.

Customer Reviews

Kingdome 19 has worked for a number of years in the area of erotic photography. He works with men, women and internationally successful athletes. His speciality is the graphic interpretation of his photographs, which has caused them to become sought-after collector's items. "Wicked Dreams" is Kingdome 19's third publication with Bruno Gmünder, coming after the extremely successful collaboration with Henning von Berg in "Universal".

The art work displayed in this collection is truly a delight! I suggest this to all who like the human body of art!

Love it!! Very "artistic". Worth having in a collection or on the coffee table. (However, it is explicit!!)

This is not for children. Otherwise, very artful and tasteful.

WICKED DREAMS is a beautifully produced book of the further work of a German photographer

who uses the moniker 'Kingdome 19'. For the past ten years he has stepped up from his training as a carpenter and graphic designer to focus on his true verve - representing 'emancipated gay identity'. His models are straight men, body builders, martial artists, prisoners and skinheads: his settings are derelict buildings and forgotten spaces. His subject matter is the nature of dreams, erotic photographs of his highly selected groups of men in full tumescence, and are a fine follow-up to his first highly successful book UNIVERSAL. His technique is hand wrought photographs worked from initial developing through the manipulation phase in his own darkroom. Not only are the men of this series magnificent specimens of unfettered masculinity, they are obviously very much at ease with Kingdome 19's vision. Using the texts of Elton John songs as themes these black and white and sepia toned images incorporate words and phrases, design elements and are molded with the artist's gift for using natural light in the most dramatic of ways. Clearly the book is aimed at a particular audience who are bound to be wholly satisfied with the product. But for lovers of fine photography, no matter the subject matter, WICKED DREAMS is an elegant, brave, seductive book and deserves an even broader audience - and may just be the beginning of more artistic gender equality for viewers! This is a very handsome, artistic, fine creative work. Grady Harp, August 10
