Emily Prieto, MBA, LSW, became a Licensed Social Worker after studying Recreational Gerontology and Sociology. She works in nursing homes and an adult day care center. Independently, she offered social work consulting to nursing homes in Central Ohio. In addition, she was the Activity Director in an Alzheimer's care facility and an adult day care center, where she also served as the Program Manager. In 2001, she started 2nd Watch Senior Care, a business that provides non-medical, companion and errand services to older adults living in the community. She has been a Franklin County (Ohio) Volunteer Guardian for ten years, serving to direct care and make health-care decisions for nursing-home residents with limited resources.

I got this book and was checking through it to see if it had tables or illustrations. Chapter 8 had a glitch that kept sending me an error warning that something wasn't right. The table link that I clicked on didn't have the table to back it up. So I was unable to get past it unless I went back to the table of contents and clicked on the chapter after the glitch. I was able to get my money back and told that the problem was with the publisher and they will fix it and let me know when it is ready to buy again. This is really a great book! Is it fixed yet? I want to buy it again!
