A native with deep roots in Virginia soil, Renee Wright knows the region as few others do. She has written articles on destinations throughout the South and is the author of Explorer's Guide North Carolina's Outer Banks & Crystal Coast and Explorer's Guide Myrtle Beach & South Carolina's Grand Strand. Wright lives in Charlotte, North Carolina.

My girlfriend and I just returned from a week in Myrtle Beach. We had a couple of other guide books for the area, but this one was the best and the only one we really used. I would buy other guide books by this author, but it would have been a lot more helpful for finding places that she mentions in the book if she would have included addresses.

This is a traditional travel guide, which we used during our recent visit to Myrtle Beach. Maybe we're spoiled by online information which is current and more complete. But we didn't find the guide that helpful.

I've been to Myrtle Beach several times but this book showed me that I'm missing a lot! Can't wait to get there and do some of these things!

Maps and descriptions of the neighborhoods were helpful. Not great but maybe there aren't that many really terrific places to write about in MB.

We are new to the area and really appreciated having this book. It's easy to find things to do and places to go.

Found some interesting places to visit.

hard to find books just on primarily on Myrtle Beach, excellent condition, lots of info on things to do there and in the area.

Loved this book. It is one of the best books written for myrtle beach. It's interesting and informative.
