# True Tarot Card Meanings: Learn The Secrets Of Professional Readers!

## **Synopsis**

Imagine if you had the opportunity to learn from the best tarot readers worldwide. As Andrea Green I have had the good fortune to have done just that! Over a number of years I have immersed myself in that very world! Discover the one weird trick that will mean that you never get stuck on reading a card! Learn the Top Six Cards that May Show a Cheat! I reveal the Top Ten Relationship Cards to look out for in any Reading. I also show you my own secret trick for knowing if a Court Card is a real person in your life, a part of a situation you are in, or a part of yourself that you need to call on! With descriptions of every card, insider tips and professional tips too, this is an entire workbook! I, like you, have discovered that I tire easily of beginner tarot books that promise you the world and take you no further than the first few pages. It is my intention with this my first book to change this. Let me take you on a genuine journey, that of my learning through the tarot. I will help you understand the tarot. In this book I will take you every day through practical exercises that will help you avoid tarot learning blocks. There are also tarot spreads that have been devised for everyday situations and problems. You will find that with these techniques at your fingertips you will be a proficient tarot reader in no time at all. I will help you understand cards like the court cards. If you find yourself in a situation where you have difficulty making a decision I will show you with just three cards how to handle it better. I will also advise you on how to have a style unique to yourself. This tarot book has been written especially for you!

## **Customer Reviews**

Not as informative as I wished. Quite short on information & didn't really get anything new out of this. Don't really understand all the 5-star reviews, but it might be nice when you are new to tarot.

Highly deserving of being a best seller. A lot of really useful insights. It's one thing to know a card's individual meaning, but the key to doing a successful reading is understanding the patterns of meaning in the cards that have been cast - how they relate to one another. This is easily the best value for money tarot card meanings book in my collection

I bought this book for Ms. Green's new way of interpreting the Court cards. She also has a unique keyword system for the Minor cards that is quite helpful. Throughout the book she includes tips and journal exercises that are of great use for beginners especially, however seasoned readers will find them helpful during those times when they are in a bit of a rut.

I haven't finished reading it yet, but so far it's very informative. I like it because of the easy to read text & the groupings of the cards. Ms. Green has a way of putting things that make them sound logical. It may have been written for beginners but I find a lot of information useful, & plan to make it part of my ongoing studies.

I'm a big fan of Andrea Green so I bought her book immediately after receiving the email that it was published. I have been studying tarot for almost 10 years, and must say this was well written for all levels of tarot experience. It is a very easy read. With practice and this book you will be reading confidently for yourself and others. If you are a Marcus Katz fan you will appreciate this book.

It is a nice book but what I didn't like is that for example she puts all the 2s together i.e. 2 of wands, 2 of swords, 2 of Pentacles etc. whilst I like the suites to be together but this is my opinion and how I relate to the cards. Otherwise, the book is good with a good explanation of each card.

I enjoyed reading this book. It is humble, friendly, helpful, fresh, original and its approach is very down-to-earth and positive. I truly liked the definitions/key sentences that the author gives for every card. Although I already know the meanings of the cards I found these definitions really useful. An enjoying and nice book to read and to have. Very good job by the author, thank you!.

This book brings the tarot meanings down to earth understanding with a bit of humor. I enjoyed reading it from cover to cover, now I will reread it and apply the tips.
