Customer Reviews

Praise for How Do Dinosaurs Stay Safe?: "This beloved series hit the ground running, and it's still going strong." -- Booklist "As in previous outings, Teague's artwork steals the show, the realism of the scenes and human figures juxtaposed with the giant, though childish, dinos. Labels in the illustrations and endpapers will help dino mavens identify their favorites. Don'ts and Do's in a familiar formula go down easily for fans and will provide a good conversation starter for parents." --

Kirkus ReviewsPraise for How Do Dinosaurs Say I'M MAD?:"Yolen understands the value of the book beyond its surface entertainments, offering a note about the realities of anger and the value of apology. And Teague upholds his end of the bargain, carefully attending to the authenticity of the dinosaurs on display, and providing a diversity of human families as well. A solid, welcome addition to the series." -- Booklist Praise for How Do Dinosaurs Say Good Night?:An ALA Notable BookA School Library Journal Best Book of the YearA Booklist Editor's ChoiceA New York Times, Publishers Weekly, and Booksense bestseller"A delight from start to finish; better buy more than one."-- BooklistPraise for How Do Dinosaurs Get Well Soon?:A Bank Street College of Education Best Book of the YearA Parent's Choice Award winner* "An excellent choice for story hours."-- Booklist, starred review* "The perfect prescription for the crankily bedridden."--Kirkus Reviews, starred reviewPraise for How Do Dinosaurs Say I Love You?:A Parent's Choice Award winner"Kids should relate to the dinosaurs' mood swings and take heart in the notion that love conquers all."-- Publishers Weekly

Sent it to a little 2-1/2 year old boy in London for a Christmas gift with his Grandmother from the USA. She said he loved it and had her read it to him many times.

Great gift for grandkids

All of these books are wonderful and this one doesn't disappoint, either. My 3 year old reads each of them over and over. And Mommy & Daddy enjoy them, too.

Giving as a gift instead of a card. This book was my sons favorite 14 years ago. Well made board book.

My kids love the "How Do Dinosaurs" books! This one wasn't a disappointment. :) My son asks me to read it to him every night before bed.

This series of books is a favorite of my grandsons, I think we have them all now.

Perfect little book to satisfy the perennial interest of our children in dinosaurs. Lovely illustrations.

My 2 year old grandson is obsessed with dinosaurs and he LOOOOVES this book! Perfect for a preschooler at bedtime! Very happy with this purchase!
