David Woodroffe is a professional illustrator and paper engineer. He illustrates anything and everything and in a long career has worked on advertising campaigns, magazines and comics as well as academic books and children's picture books. His book credits include The Complete Paper Aviator and The Complete Book of Origami Animals. Chris Bell has been a designer and illustrator for over 30 years and has worked on a wide range of publications for both children and adults. She loves conjuring up and solving puzzles and enjoys creating artworks for them. She does dot-to-dots in her leisure time to stay mindful.

Love these Dot-To-Dot books by David Woodroffe. The numbers are easy to see. A lot of others are hard to see and don't go in order.

Very impressive pictures when finished. The puzzles are not quite as challenging as I was

expecting. The "Grown-up" part, I think, is the outcome, not the actual difficulty level of the puzzle itself.

This is one of the more challenging books. Very enjoyable.

Perfect!

numbers need to be darker
