I Can Read With My Eyes Shut! (Beginner Books)

Synopsis

Dr. Seuss and the Cat show that reading is fun—even when you don't look at the words!—in this classic Beginner Book. “The more that you read, the more things you will know. The more that you learn, the more places you'll go.” Whether reading in bed or in purple or brown, reading is fun—even upside down. And whether reading about hoses or roses or owls on noses, *I Can Read with My Eyes Shut* is a hysterical way to discover the joy of books. Originally created by Dr. Seuss, Beginner Books encourage children to read all by themselves, with simple words and illustrations that give clues to their meaning.

Dr. Seuss ignites a child's imagination with his mischievous characters and zany verses. The Express --This text refers to the Library Binding edition.

Illus. in full color. "In Seuss's familiar rhymed couplets and illustrations, the Cat in the Hat shows Young Cat some wonderful stuff about reading with both eyes open."--"School Library Journal.

I like this book because it is good for beginner readers. My children are on sight words and beginning stages of phonics and they are doing good working through the beginning of the book. I

take over reading towards the middle of the book but it definitely gives them a great start.

Cute book encouraging reading, that really is all about reading with your eyes open being the best way to read. Long enough for a good story yet short enough to read before bed time. Also, nice for an adult to follow yet not too hard for my 3 year old as well. Cute and happy to have to our cat in the hat collection.

Her mom took her to the doctor, in the doctors office is the book, Chloe picked the book up and read the title ... Her mom couldn't believe her ears

I gave it 3 stars b/c the story is okay. It is a short book which is nice for bed time, but my 3 1/2 YO was not that interested in it. My son is at that age where he questions everything and Dr. Seuss books are very imaginative so "how does he read with his eyes shut?" is the question I get over and over again.
