## **Customer Reviews**

Yes, this was purchased by a choosy ELD teacher of a very large middle school. I can see why. It is an excellent, intensive preparation for using academic language and skills that a student needs so much in mainstream classes. Well-done. Each lesson is concise but intensive. The accompanying Student Activity Journal gives the student practice in what is taught in this text. If you're serious about preparing your ELD students for success in the mainstream and in college, this is an excellent book to use.

Great book, great condition.

Great purchase, for the price it is an excellent resource. It is hard cover and in pretty good

conditions. I feel happy for it.
