You're the daughter of the King! Like a loving father, God holds you in the palm of His hand. He loves you no matter what you wear, what you say, what you've done, or how you feel. And He wants you to live a wonderful life. In *His Princess Girl Talk with God*, Sheri Rose Shepherd helps you experience God's unending love for you through forty devotions. Sheri remembers what it's like to be a teen girl, and she connects your experiences with God's love. Through these stories, love letters from God, Scriptures, and prayers, you'll feel just how much God treasures you--His Princess. Sheri Rose Shepherd can relate to almost any young woman's battle. She was raised in a dysfunctional home and battled depression, an eating disorder, and dyslexia. Despite her English teacher telling her she was "born to lose," Sheri Rose is now a sought-after speaker and a bestselling author with more than one million books sold.

Sheri Rose Shepherd is the founder of His Princess Ministries and the author of several books, including the bestselling His Princess: Love Letters from Your King. She was the popular subject of a prime-time Billy Graham special and will be touring with Extraordinary Women in 2010. She lives with her family in Orange County, California.

I grew up in a broken home with an abusive father, so it was engraved into my skull that I was worthless and was the farthest thing from a princess. I always wanted to be a daddy's girl and have a father that called me princess and to reassure me that I am worthy of love. This book not only gives me that opportunity and has allowed me to hear what my heavenly Daddy thinks of me instead of my earthly one, but get a sneak peak of a wonderful woman who turned her mess into a message. Every female, young and old should read this and discover that she is the daughter of the King!

For younger or even older women, this book comes highly recommended. When I first saw the book I said "mmm it looks too girly to read" well I guess I really did judge a book by it's cover. A friend of mine gave it to me and I felt the need to read it this time, but little did I know I would read it and sent pictures as encouragement to all my girlfriends. This book is so loving and it makes you feel as if God himself is talking to you and holding you close. Many girls/women can relate to some pages in this book. I love it!

Have purchased this book many times already. Everytime I purchase it one of the youth want to read it and the girls absolutely love it. They will read it all in one night and re-read it again. Some even give to their friends if they can manage to let go long enough to let them read it. The girls i have given it to act like i am giving them the most priceless treasure. I had read them a few chapters at youth camp and they were hooked. So when they received the book on their own.... I saw the best response out of this than any gift i have given them. Gave one to my friend, her son's girlfriend was at the house and had her eye on it. My friend told her.... "go ahead, you can read it" the girl took it home and read it all and now her mom wants to read it too. God is using Sheri and this book to help many people. One of these days i will be able to hold onto it long enough for me to read the rest of it.

I was looking for something that would draw my teenage friends into a place of intimacy with God, and something that would help them to see how precious they are to God. This was the book I

found! It's God's desire to draw His young daughters into a beautiful love relationship with Himself, and today our daughters need to know as never before how special they are to God. This book will minister to you whether you're 15 or 75!!!

Each woman should know how much God loves her, especially young girls. I've been reading this as I work with teenage girls, and it has been very foundational and encouraging in my own relationship with God. Definitely recommend it - to any woman!

So grateful for this book. it touched the young lady it was intended for.

sent it to family good condition highly recommend this author

Excellent way of presenting valuable advice for girls, teenage and up.
