How To Become A High Quality Woman: Know What Guys Think About Women And Relationships, Then Turn Them Around And Use Them To Your Advantage

Synopsis

When It Comes To Guys And What They Want In Women, It Could Be Like Playing A Puzzle Game It's a mine field of emotions, finger pointing, arguments and counter arguments for ladies in trying to get to know and understand what guys are thinking about them and what they REALLY WANT! For you as a lady who wants and desires that you man understand you it sometimes seem like it will never happen. You have questions that go around in your head all the time and you keep wondering; What In The World Is Wrong With Him? You ask yourself--Why are men so selfish?-How can they be so oblivious? -Are men intimacy impaired?-Will he ever grow up?-Will he ever understand me and love me in the way I long to be loved?If you have these questions and many more going around in your head and you are wondering where the heck you will begin to try and understand your man, then you need not worry because all that is about to change.Right now, from this moment on, you will never have to guess as to what any man you meet is thinking about you ever again. In this book, you have everything you will ever need to go right inside his head and mind and un-earth all his secret desires, all that he has ever wanted and will ever want from you. You will become a quality woman, one that men will never take for granted ever again!With this book, you will be the high quality women that he has been dreaming about all his life, you will be the victor in your relationship, you will have the control over your relationship and by understanding what he really wants, you will be able to make him stay for as long as you want him to.Find Out Exactly How to Become A High Quality Woman That Your Man Has Ever Wanted, One That He Will Kill For And Do Anything To Be WithYou know what they say, you attract exactly the kind of person that you are. So it goes without saying that if you are a high quality woman, then you will naturally attract a high quality man. It's no rocket science at all, it's that simple. All that stands in your way of happiness with the man of your dreams is how to become this high quality woman that a high quality man will do anything to be with. You don't need to resort to manipulations, gimmicks and trickery to make him stay (you and I both know such men don't last) but you will use your God given natural qualities to work in your favor and make him stay. In This Book You Will Learn- - why it's such a bad idea to rush men when it comes to relationships- How to get your man to not just commit to you but to stay committed to you for life- How to understand and deal with a guy's emotions - Just how to get a guy to be generous to you without saying a word- 4 things men would love their women to know about them but can't bring themselves to talk about it with hem- What you need to know about how a man's mind work when he is thinking about sex - What guys really find attractive in women they consider to high quality women- And much more than you will ever find in a single book Do You Want to Know More?Then go ahead

and grab this book and give me a call you find out you man simply can't have enough of you

Customer Reviews

Well this book certainly covers every aspect of a woman's life. I don't really think it's fair to point at someone and say HEY you should act this way, or that way. Afterall, we are all our own human beings. However, there are definitely some great insights in this book into the minds of most men. I was mostly curious to read this book since it was written by a male author. I think that the male perspective on what they desire in women is and an interesting one, since it is often so different than what we think! I'm not saying you should model your life after this book, but read it and take it into considerations when making life decisions.

The book had Some good information. Grammar errors throughout though. It echoes some of the other things relationship book are saying. The information is consistent.

Really good read.....

This book reveals what men really want that is far beyond from just the physical appearance of a woman, but it is about the inner beauty a woman should have. You'll also learn a lot of facts about men and how to deal with their emotions or feelings in a way they like. Have a great time reading it and hope you'll have a long lasting relationships.

Well, title of this book grabbed my attention and i had decided to read it. I must say, this book has exceeded my expectation because content of this book is well written. Advices and tips given are pretty interesting and i guess i am going to apply some of them very soon. I enjoyed reading this book.

I think I need to change something in my behavior towards men. It is obvious that I have a wrong attitude, or something. I picked up this book because I want to know where I'm wrong. Here I found some good advice and I'll try to apply them in my life. If you want to correct some things with you, and to understand men, then this book is for you. For me, this book was helpful, and I hope it will be of use and to the others.

Being a middle in is very crucial situation for me because it is where everything starts. I need to be prepared and have everything I need to be aware of for me to be able to have an effective and great relationship partner. Having a book like this which could greatly help a lot to know what are the things that most teens should do and know about for me to easily avoid any traps and misleading ways that could destroy the future.

At the end, this started speaking from a females voice. It is confusing if this is a man or woman writing or a guest author. I liked some of the information but others seemed like women should be seen but not heard. It seems anti-feminism yet at points. However, it also says that women should always pay for half of everything.
