Definitely some serious bubbline in this one, and some great bmo lines. I see potential for the tv series to explore some of the plot lines from this series of comics. As a diehard, adult, AT fan, I can say with conviction the comics just keep getting better. The show does too, with some network

limitations. It's just so refreshing to have a series with such dynamic characters that grow and mature as its fan base does, all while keeping the honesty and purity that it set out for from day one. I haven't felt more connected to characters since rocky and bullwinkle. AT has even surpassed the greatness of Jay Ward's brilliance, which is a very great feat. I'm rambling like a fool in love because I truly love Adventure Time and can't put it's beauty to words. Great work ryan north. Great vision Pen. Thank you to all who are involved in the creation of all things AT. The world is a better place because of you all :)

Love it.

This was part of an Adventure Time X-mas gift for on of the grown children and their spouse. Noses were buried in the books as soon as the festivities died down.

I have all the collections of these comics and some are certainly better than others but this one is fantastic. Such a good storyline and great art. Loved it.

Love adventure time! Love the price on !

The Bubline is strong in this one.

The best so far from the series. Not only was it as creative as the other book, not only does it have all the character together exploring the land of Ooo, but it made a great joke with LSP. The most horrible character of Adventure time has a good panel, that in itself is amazing. Match that with the jokes and imagination that is just perfected, this is just great. If you read the previous book, just buy this already.
