Customer Reviews

"If you've never been to South Dakota, read this book and plan your trip." --Eclectic Book Reviews

The Roadside History of South Dakota is an entertaining, well-written book. At first I read this book as an armchair traveler and enjoyed anecdotes that gave the flavor and essence of South Dakota. Then I drove through the state. The book brought to life the places we passed on the way, and I was able to entertain my children with stories of the people who lived there. Driving roads like I90 became a historical and cultural experience. I am looking forward to reading other books in the Roadside History series.
