A Grief Observed: (Illustrated)

Synopsis

No one ever told me that grief felt so like fear. I am not afraid, but the sensation is like being afraid. The same fluttering in the stomach, the same restlessness, the yawning. I keep on swallowing. At other times it feels like being mildly drunk, or concussed. There is a sort of invisible blanket between the world and me. I find it hard to take in what anyone says. Or perhaps, hard to want to take it in. It is so uninteresting. Yet I want the others to be about me. I dread the moments when the house is empty. If only they would talk to one another and not to me.

Customer Reviews

Clive Staples Lewis (29 November 1898 – 22 November 1963) was a British novelist, poet, academic, medievalist, literary critic, essayist, lay theologian, broadcaster, lecturer, and Christian apologist. He held academic positions at both Oxford University (Magdalen College), 1925–54, and Cambridge University (Magdalene College), 1954–63. He is best known for his fictional work, especially *The Screwtape Letters*, *The Chronicles of Narnia*, and *The Space Trilogy*, and for his non-fiction Christian apologetics, such as *Mere Christianity*, *Miracles*, and *The Problem of Pain*. Lewis and fellow novelist J. R. R. Tolkien were close friends. They both served on the English faculty at Oxford University, and were active in the informal Oxford literary group known as the Inklings. According to Lewis' memoir *Surprised by Joy*, he was baptised in the Church of Ireland, but fell away from his faith during adolescence. Lewis returned to the Anglican Communion at the age of 32, owing to the influence of Tolkien and other friends, and he became an "ordinary layman of the Church of England".[1] His faith profoundly affected his work, and his wartime radio broadcasts on the subject of Christianity brought him wide acclaim.

So real. So honest. So raw. So healing.

Brilliant - of course - by a heart broken CS Lewis, who is enduring the fresh grief of his beloved wife, Joy. Very helpful contemplation on the question of "Why does God allow bad things happen to good people?"

Great book, good font. Concise work on grieving.

So very helpful. And beautiful.

CS Lewis has such a unique way of describing grief. Not grieve in general but his grief. I bought this for a friend who could not seem to get over the passing of her husband. I hope it helped.

A must read for anyone going through the grieving process or with someone going through it. I am a S Lewis radical fan. A Grief Observed is in my o three.

Very good both the service and the book.

Strange book, but interesting.
