The Start Here Diet: Three Simple Steps That Helped Me Transition From Fat To Slim . . . For Life

Synopsis

With her Eat-Clean Diet, Tosca Reno went from being overwhelmed and overweight to modeling a bikini, but her 70-pound weight loss and body transformation didn't happen overnight; even Tosca needed a simple approach, a place to begin. Now she reveals her secrets. Start now with The Start Here Diet! Tosca knows what it's like to feel ashamed of your body. At her heaviest, she hid behind bulky clothes and rarely had her picture taken. Then she started making slight adjustments - small changes that brought about big results. In this exciting book, she shares the three easy-to-follow steps that helped her get her life back on track: Step 1: Dive Inward. Identify the emotional triggers for your overeating, the self-defeating "self-talk" and the underlying reason why you really want to shed the pounds. Tosca will help you overcome these internal barriers in a completely unique, accessible way. Step 2: Uncover Your Hidden Foods. Do you have a food you think you just can't live without? Or something you eat mindlessly and often? These are your "hidden foods", and they are sabotaging your best efforts to lose weight and keep it off. Through Tosca's transformative process, you will once and for all identify the empty-calorie foods that have added extra pounds and replace them with nutritious foods you can enjoy without weight gain. Part 3: Move a Little! Simply choose from Tosca's list of 50 basic movements to strengthen, tone, and improve your health. Moving a little for even 15 minutes a day will help reshape your body and put you on a path to weight-loss success. Like a good friend and trusted mentor, Tosca will show you how to believe in yourself again, forgive yourself, and imagine a life of joy you thought was out of reach.

I really admire this woman. To start weight lifting and losing weight at the age of 40 is really inspiring. I appreciated how on page 45, she mentioned helping someone who weighs over 300 pounds. I like that she speaks to the masses on her journey, not just people who need to lose 30 pounds (whoever they are ;) Most people I know need to lose much more. Her approach is very doable and NOT unrealistic. Give her your time. It's not complicated.

Basically the same diet info that is in every book it's not bad just the same. Give up some food you love etc..

Tosca Reno is awesome and makes health and nutrition easy to understand and use in real life. Everyone should own all her books.

I love a Tosca Reno!!!! This is an excellent book to get you started on Eating Clean!!! Highly recommended!!!!

I still do not know what my hidden food is! The book was okay and the recipes looked like they would be good. What I found difficult to follow was that the situation that Tosca had was very different from mine even though it was good to hear about the other people too I could not grasp how to use the situations talked about to help my weight loss.

Meh. I've read her other books and this wasn't great as a "start here" or "quick start guide". I'll stick to her other books for better tips, anecdotes, and recipes.

Nothing different from the Eat Clean books but still a great read.

Can't seem to "get" into the work involved.
