Inside Noah's Ark

Synopsis

Die-cut in the shape of Noah's Ark, this thick, big-trim board book gives kids a fantastical inside view of a bustling, floating menagerie. Make your way through one level of this jam-packed boat after another, with die-cut doors and windows allowing for a peek ahead and behind. With a simple rhyming text and eye-catching artwork, there will be no doubt why Noah's Ark is every kid's favorite Bible story.

Great, sturdy book! The pictures are fantastic, as is the shape of the book. This book doesn't have much of a written out story, but the pictures alone make it worth the purchase. Our 2 year old son loves trying to find the different animals. Can't beat the price for such a thick book that will definitely

hold up for a while.

This is a beautiful book. I am giving it to my grandson for his second birthday. He enjoys going to church with his parents so I know he will enjoy looking at this while he goes to visit Jesus at his house.

There are not many words at all and the pictures are a little busy. But overall it's a pretty good little book. Maybe it'll suit her more as she gets older and will take the time to look through the pictures.

Really cute and interactive book for toddlers and pre- kindergarten age children. The illustrations are bright and fun. It really keeps their interest while telling such a cute story. LOVE THE BOOK AND THE PICTURES.

One of the cutest Ark books I have ever seen. I love that it has finger holes so little ones can explore by themselves! The colors are great and animation is adorable! I highly recommend.

cute, sturdy book, interactive for my toddler. however, a little big. It could be a little smaller, more toteable and still be awesome!

I love it and my son loves it. We had lots of fun looking through the pages, point out the animals, learning their sounds. There's a huge variety of different animals, so it's still interesting to them once they are older to learn the different names. I bought this when my son was 1 year old. He's now almost 3 years old and still likes to look at it. The rhymes are simple and cute. But don't expect your kid to know a bunch about the story of Noah's ark after reading this ;).

Grandma-unit likes to buy books for grandson-unit, and he seems to like being read to, so it works out for everyone!
